

Aeropleat® IV+

High-Capacity Pleated Panel Filter

Offering a MERV 8 efficiency, the Aeropleat IV+ provides critical particle capture in the one to three micron particle size range.

Values are MERVs when evaluated per ASHRAE 52.2.

Meeting Today's Standards

The Camfil Farr Aeropleat® IV+ takes advantage of the latest technology for medium efficiency ASHRAE grade filtration. Combining electrostatic and mechanical particle capture principles, the Aeropleat IV+ is a MERV 8 filter when evaluated per ASHRAE Standard 52.2-1999.

For Today's Applications

As a stand-alone filter, the Aeropleat IV+ will remove many of the contaminants associated with today's indoor air quality concerns. Available in 1", 2" and 4" depths, it will serve a myriad of single-stage filter applications. Commercial buildings, educational facilities and specialty manufacturing applications will benefit from the higher initial efficiency on particles in the critical one to three micron size range. As a pre-filter, the Aeropleat IV+ offers superior protection for higher efficiency final filters required for today's high-technology applications.

Built for Today's HVAC Systems

- Computer optimized radial pleat design for full use of media area
- 100% synthetic continuous fiber media with gradient layers to maximize dust-holding capacity and provide electret-mechanical efficiency
- Welded wire media grid, treated for corrosion resistance, to prevent media oscillation or pull-away
- High wet-strength beverage board frame creating a rigid and durable filter pack. The pack is capable of withstanding 2.0" w.g. without failure.
- Available in 1", 2" and 4" depths

DATA NOTES:

1.0" w.g. recommended final resistance. System design may dictate a lower change-out point.

The Aeroplet IV+ is classified by Underwriters Laboratories as UL Class 2. Maximum operating temperature 200° F (93° C).

2" & 4" filters rated at 250 fpm medium and 500 fpm high. 1" filters rated at 175 fpm medium and 350 fpm high.

For Aeroplet IV+ specifications please consult your local Camfil Farr Distributor or Representative or www.camfilfarr.com.

Camfil Farr has a policy of uninterrupted research, development and product improvement. We reserve the right to change designs and specifications without notice.
